## **YOUR VACATION BY THE SEA**

The Cesenatico Camping Village and the Pineta sul Mare Camping Village welcome you to the Riviera Romagnola, a short distance from downtown Cesenatico, with its canal harbour designed by Leonardo da Vinci.

The Cesenatico Camping Village faces onto the Adriatic Sea, safe to play in even for young children, thanks to its shallow, sandy bottom.

The Pineta sul Mare sits nestled in a gorgeous maritime pine grove, and it is a true oasis for vacationers seeking contact with nature.

Our villages are the ideal places for lovers of the outdoors, thanks to vast green areas and facilities designed to be in harmony with nature. They offer their guests shaded camping pitches of various sizes, modern mobile homes, bungalows, and lodge tents complete with all amenities.

## THEME PARKS

Your vacations at the Cesenatico Camping Village and Pineta sul Mare Camping Village will be full of fun! As a matter of fact, the most famous theme parks of the Riviera Romagnola are just a short distance from our villages.

There's truly something for everyone, from water parks like the **Atlantica** in Cesenatico, linked to the campsites with a free shuttle bus, or the **Aquafan** in Riccione, to educational ones like the **Acquarium of Cattolica** and **Oltremare** in Riccione, as well as the parks for kiddies, like **Fiabilandia**, where they can meet story and fairy tale characters like the wizard Merlin. If you're interested in geography, you can't miss **Italia in Miniatura**, with its reproductions to scale of the most beautiful Italian and European cities, represented in minute detail in an itinerary that shows the surface area and conformation of our lovely boot-shaped pen-

insula. And then there are the parks focusing on nature, like the **Butterfly House** or the **Po Delta Park**, which add important educational aspects to the more recreational component connected with the exploration of a very particular territory. But the top as far as amusement parks are concerned is **Mirabilandia**, Europe's largest amusement park, with numerous attractions for young and old alike. You can let yourself be sent plummeting from above at incredible speeds toward the ground, or be catapulted skyward, twist and turn upside-down, or race down breath-taking descents in rides that splash down and continue along the water's surface. At any time you can take a break at one of the many bars and restaurants scattered throughout the park.

Discovering Romagna

## EXCURSIONS

At the Cesenatico Camping Village and Pineta sul Mare Camping Village we also organize excursions for you, so you can discover the beautiful hamlets of the hinterland of Romagna and the most famous Italian cities. We take care of everything. All you have to do is decide which destination to choose to enrich your vacation. Among the itineraries offered are Venice, Florence, Rome, the Republic of San Marino, San Leo, the Frasassi caves, Loreto, and many more. Romagna is also a paradise for bicycle lovers, and offers a series of itineraries to travel and discover by bike, together with the whole family, with short, simple routes, or long routes along the gentle - albeit not too gentle - hill slopes, for more expert cyclists. The Cesenatico Camping Village and Pineta sul Mare Camping Village offer their guests maps of the itineraries, bike rental service, cycling tour guides, and shuttle service on request.

## our Pitches

The Cesenatico Camping Village offers, with its 18 hectares (44.5 acres), over 800 spacious camping pitches on both grassy and sandy terrains, situated mostly in the shade of beautiful maritime pine trees. They're the ideal solution for a vacation in a tent, trailer, or camper van. All the pitches are equipped with 4-amp electric hookups and Wi-Fi coverage. There are various kinds and sizes of pitches to choose from, depending on the size of your ve-

hicle and family: small, up to 60 m<sup>2</sup>; medium-size, from 60 to 90 m<sup>2</sup>; and large, over 90 m<sup>2</sup>. The campgrounds also have fully equipped "Super" pitches, offering RV water and dump station, directly on the pitch, satellite antenna hookup, and 10-amp electric hookup. The camping solution includes the full enjoyment of all the facilities and activities offered in our village.

# THE GLAMPING
